The Cabinet Man Builds a Kitchen in Jamaica

Athens, Georgia, May 21, 2007-Dan Webber, Jonathan Webber, and John Prescott of The Cabinet Man, recently returned from a trip to Jamaica with the M.A.P.S. Organization. In the week they were there and the limited tools available, they built a kitchen for the City of Refuge Orphanage. "It was such a blessing to be able to use the skills and talents we have to make a difference in the lives of the people in Jamaica." says Dan Webber, owner. "They now have the nicest kitchen anyone there has ever seen." Dan Webber has also been to Chile with M.A.P.S. This is the first trip that several employees have joined him. "It is a great team building and selfless exercise. The true character of people shines through when they are doing something out of their comfort zone and for others."

The Cabinet Man is a custom cabinet shop in Athens, Georgia owned and operated by Dan Webber and family for the past thirteen years.
